due by:**

September 2027 (3 years or as required to maintain relevance)

Introduction

The Forest Skies Federation has an obligation under the Equality Act 2010:

- to not to treat pupils who are disabled less favourably for a reason related to their disability;
- to make reasonable adjustments for pupils who are disabled, so they are not put at a substantial disadvantage; . to draw up plans to show how, over time, we will increase access to education for pupils who are disabled.

This policy sets out the proposals of our school to increase access to education for pupils who are disabled in the three areas required by the planning duties of the Equality Act:

- increasing the extent to which pupils who are disabled can participate in the school curriculum;
- improving the environment of the school so pupils who are disabled can take greater advantage of education and associated services;
- improving the delivery of the curriculum to pupils who are disabled.

Aim

It is the overall aim of the Forest Skies Federation to do all that is reasonably possible to ensure that the school's facilities, services, culture, policies and procedures are made accessible to pupils, staff members and visitors who have disabilities, and to comply with our moral and legal responsibilities under the Equality Act (2010).

Our purpose is

- to be sensitive to the needs of every child
- to reduce barriers to learning in every area of school life
- to ensure the curriculum is accessible to every student
- to keep equality of opportunity enshrined in our practice
- to have regard to any Department for Education's guidance

NB: A person is defined as having a disability if they have a physical or mental impairment, which has a "substantial and longterm* adverse effect" on their ability to carry out normal day-to-day activity (Equality Act 2010). * *has lasted or is likely to last for more than 12 months*

Physical impairment may cover mobility difficulties and sensory difficulties such as hearing and visual impairment, and medical conditions such as asthma, diabetes, epilepsy or HIV.

Mental impairment includes neurological deficits such as specific learning difficulties, autistic spectrum disorders (ASD), speech and language difficulties, mental health conditions and attention deficit hyperactivity disorder (ADHD).

A very large group of children is included within the definition of disability, including children with significant behaviour difficulties which relate to an underlying impairment.

Not all pupils who have a learning difficulty or special educational need are disabled.

Access to School

The schools were founded over 40 years go and all three sites have had extensions made. As such our physical facilities for persons with disabilities have changed over time. We make every reasonable adjustment in order to accommodate the needs of applicants, pupils, parents/guardians, visitors and members of staff who have disabilities.

Dedicated disabled parking bays are allocated within each car park. Into all school sites there is disabled access available through the front double-doors and there is clear disabled accesses into all classrooms, hall and exits with either ramps, double doors or sloping ramps around the sites.

There are stairs / steps within all three sites but there is always alternative disabled access available.

There is a disabled toilet is available accessed from the hall at all three sites of the Forest Skies Federation.

Admissions

Parents or guardians of children with disabilities or special educational needs are expected to notify them to the school at the point of application. If these are not known at the time, the school should be notified as soon as they are recognised. Parents are requested to include details of any special circumstances relating to their child's health, allergies, disabilities or learning difficulties or other circumstances which may affect their child's performance in the admissions process and ability to fully participate in the education provided by the school.

Parents will also be asked to provide copies of any professional reports e.g. Educational Psychologist's report or professional reports from other agencies or EHCP (if applicable). Early notification is of great value, as it will enable the school to consider whether reasonable adjustments need to be made for a disabled child during the admissions process and what reasonable adjustments, if any, can be made at the Forest Skies Federation to support the child's future education should an offer of a place be made.

As part of the admissions process, staff will meet with parents to discuss whether or not a prospective pupil will be able to access the curriculum and what reasonable adjustments, if any, can be made to facilitate this. In determining this, the school may request further information, such as a medical certificate or additional assessments, that the School considers necessary to make a fair assessment. If, after consultation, the school decides that is unable to adequately cater

for the needs of those children with disabilities, The Forest Skies Federation will be unable to offer a place and parents will be informed why an offer will not be made.

Existing Pupils

The school recognises that medical and psychological conditions can develop in existing pupils which may require adjustments to be made to the way in which the curriculum is delivered.

Parents / carers must, as soon as possible, disclose to the school in confidence any known medical condition, health problem or allergy affecting an existing pupil. Where appropriate, the Headteacher & SENCO shall set up a consultation process so that interim measures can be put in place to support the pupil, and that longer term requirements may be determined. The school will, to the best of its ability, make such adjustments as are reasonably practicable to allow a pupil to continue at the school.

Learning Difficulties

The school shall do all that is reasonably possible to detect and deal appropriately with a learning difficulty, which amounts to a “special educational need”. The school staff are not, however, qualified to make a diagnosis of specific learning difficulties such as dyslexia, dyspraxia, or other learning difficulties. The screening tests available to schools are indicative only; they are not infallible. Parents/guardians will be notified if a screening test indicates that a pupil may have a learning difficulty. It will be the responsibility of the parent/guardian to arrange any formal assessments; the school can help with this process by recommending specialist help.

In order that the Forest Skies Federation is fully compliant with the Equality Act, all staff are made aware of the duties towards children who are disabled and the ‘reasonable adjustments’ needed for particular children by the school’s SENCO.

Withdrawal of a Pupil

If, after reasonable adjustments have been made, the school is unable to adequately cater for and meet the needs of a disabled pupil and the school can no longer provide an environment suitable for the student to participate and thrive, the Head may request parents to withdraw their child. The Headteacher and SENCo will consult with parents and where appropriate the Forest Skies Federation will request and support the move of the student to another educational establishment.

At all times, the school will take full account of:

- specific impairments
- pupil and parental views

- advice from teachers
- advice from other designated professionals

Prospective Staff Members

Prospective staff members must notify the school of any disabilities as part of their application and must discuss with the school what adjustments could reasonably be made to accommodate them should they be employed. The school may request a full report from a doctor to help determine whether it can properly fulfil its legal, moral and contractual responsibilities to the prospective staff member, its pupils and their parents / carers.

Existing Staff Members

The Forest Skies Federation recognises that medical and psychological conditions can develop in existing staff members which may require adjustments to be made to the way in which they are employed.

Existing staff members must, as soon as possible, disclose to the school in confidence any known medical condition or health problem. Where appropriate, the Headteacher shall set up a consultation process so that interim measures can be put in place to support the staff member, and that longer term requirements may be determined. The school will, to the best of its ability, make such adjustments as are reasonably practicable to allow a staff member to continue at the school.

Reasonable Adjustments

In determining what is reasonable the school will have regard to:

- The financial resources available to the school
- The costs of any particular alteration to the premises, staffing arrangements, or special equipment required . The practicality of making reasonable adjustments
- The extent to which aids and services will be provided via a EHCP, or by provision paid for outside the school's resources □ Health and Safety requirements
- The interests of other pupils
- The need to maintain academic, musical, sporting or other standards

Personal Information

All personal information provided to the school regarding a pupil or staff member's disabilities shall be treated in strictest confidence and only used in accordance with the Data Protection Act (1998).

Monitoring arrangements

This document will be reviewed every **3** years, but may be reviewed and updated more frequently if necessary. It will be approved by the Chair of Governors, Headteacher and SENCo.

		Accessed from the hall (including hoist and shower) Woodlands Infant and Nursery School site Entrance foyer (including shower)		

Aim	Current Practice	Objective	Actions to be taken	Responsibility	Timescales	Success Criteria
Increase access to the curriculum for all pupils.	The schools offer a differentiated curriculum for all of its pupils including the use of 1:1 teaching assistants as necessary.	For all children to be able to access to be able to access the curriculum.	Staff to make sure that the planning takes into account the needs of all the children.	Class teachers, 1:1 assistant.	Weekly	Evidence that children are making the required amount of progress
	The schools have developed a bespoke curriculum and adapts it to ensure a positive outcome for all is the aim	To plan to meet the needs of ALL children in the class.	Planning and observations checked to see if it is meeting ALL needs.	Class Teachers, Subject Leads and Head Teacher.	Ongoing	Children identified with a SEND need are making progress.
	Resources provided for each of the children are considered e.g. the use of different writing materials, size of font on worksheets, coloured overlays, coloured backgrounds on screens. Different types of furniture are used including chairs measured to fit, work stations, wobble cushions, writing slopes etc.	To support children in their learning.	Staff to ensure resources are appropriate, well matched and readily and easily accessible.	Class teachers	Ongoing	Resources being used by the children improve outcomes.
	Curriculum progress is tracked for all pupils, including those with a disability.	To ensure children with disabilities make good progress. Teachers to write APDR	Book scrutiny with a focus on Special Needs children to ensure that their learning is progressing as expected.	Class teacher	3x a year	Children with differences are meeting the targets set for them and progressing academically.

	Children have APDR Plans. These plans are written specifically for individuals and have targets for children written on them.	with clear measurable targets.				
	IT is used to enable all pupils to fully access the curriculum.	All children have full access to the curriculum.	To continue to monitor curriculum delivery – lessons, lesson plans and classrooms	Class teachers Headteachers	Ongoing	All pupils are given the opportunity to participate in the full curriculum offered by the school, including the wider/extra curriculum.
	Regular support from outside agencies, including, Educational Psychologist, STT, WTT outreach and Speech and Language therapy.	All children are provided with the individual support required.	Teaching and support staff undertake regular training on supporting pupils with SEND and personalising Learning	Class teachers Headteachers SENDCo	Ongoing	Teachers have key knowledge to be able to support all learners
	Behaviour for learning is in line with the school policy and all children participate in all aspects of learning in the classroom – Restorative Practice	All children are supported to engage in the curriculum and provided with appropriate behavioural/mental health support through IBP (Individual behaviour plans)	Continue to reinforce the school's behaviour policy and seek support from outside agencies where appropriate – e.g. BOSS, MHST	Class teachers Headteachers	Ongoing	All children have access to the teaching and learning in their classroom with minimal disruption from children with additional SEMH needs.
	Pupil Premium Strategy ensures the development of support for all pupil premium children and appropriate allocation of budget to impact on children's achievements, progress and access	To annually budget according to Pupil Premium Funding.	Continue to make effective use of the Pupil Premium Funding.	Class teachers Headteachers	Ongoing	All Pupils have access to the full curriculum and learning personalised where appropriate to ensure progress is made.
	Out of school activities and after school clubs.	All children have access to all out of school	Class teachers to be made aware of accessibility requirements when booking	Class teachers Headteachers	Ongoing	All Pupils accessing curriculum,

		activities and after school clubs.	trips and leading after school activities.			evidence of access to trips and after school clubs.
Improving the delivery of written information	Staff use a variety of communication methods including making both minor and major adjustments. Minor adjustments might include: - sitting a child nearer the front of the class • Changing the font size on the whiteboard • Changing the colour of the background screen • Using coloured overlays or changing the colour of the paper used • Using modified SAT test papers Major adjustments might include: • Use of Sign Language • Use of specific computer programmes to support learning • Internal signage • Use of visual timetable in the classrooms	For children to access the curriculum with the support of minor or major adjustments.	Constant review of what is provided for children according to their needs. Evidence for this is gathered through SEN Review meetings, Parents' evenings	Class teachers Headteachers SENDCo	Ongoing	Children successfully access the curriculum
	Children, parents and other members of the school community have access to information that is sent out.	Children, parents and other members of the school community can access information in a variety of formats.	Identify children, parents and members of the community who may need to access information in different formats.	SENDco Admin	Ongoing	ALL pupils, parents/carers with visual impairments will be able to access all written communication

			To make documents/ information available in alternative formats e.g. interpreters, large print or audio etc			
	Parents/carers are provided with information about their child's progress through meetings, telephone calls or written communication.	To ensure that parents/carers who are unable to attend school because of a disability can access parents' evenings and review meetings.	Staff to hold parents' evening or share information about pupils progress by phone or send written information home.	Class teachers SENDCo	Termly	All parents are informed about their child's progress.
	Access for parents for families with English as additional language	For all families with EAL to have access to communication.	To use of Google translate loaded onto iPad to help support parents who are not able to access English confidently.	Class teachers SENDCo	Ongoing	All pupils, parents/carers with English as an additional language will be able to access all communication.
	School Website is accessible to all.	For all families to access the school website. (Accessibility Statement on Website)	Translate function needed on website	Headteacher SENDCo	Ongoing	ALL pupils, parents / carers able to access the school websites in their home language
